3P CPR Cables

CPR - short for Construction Product Regulation (EU 305/2011), has been implemented recently. Products to be used in construction works etc. shall meet a number of requirements set forward by the new regulation such as mechanical-, fire safety- and environmental properties.

3P Third Party Testing is a Notifying Body, NB 2652, and can test the reaction to fire performance of cables in accordance with BS EN 50575:2014+A1:2016 Power, control and communication cables. Cables for general application in construction works subject to reaction to fire requirements.
